Overview: Trinity College Dublin now seeks for 12 new **Trinity Research Doctorate Awards 2023-24** (https://www.tcd.ie/graduatestudies/awards/trda-group/) to support three group-based research initiatives starting in September 2023. If you are a computer science student with demonstrated AI/telecom/mathematics expertise and academic excellence, please feel free to contact me at viet.pham@tcd.ie to apply for 01 award at the TCD School of Computer Science and Statistics.

Application: Applications should contain the following in pdf format:
1. Cover letter,
2. Complete CV,
3. Undergraduate and postgraduate transcripts
4. Proof of English language qualifications, if required (according to English language requirements on the link),
5. Two academic reference letters,
6. 2-page research proposal addressing how the proposed research fits within SCSS research themes and my research interests.

Application criteria: The award is super competitive; therefore, the minimum requirement is a 2.1 honors (or equivalent) undergraduate degree and a distinction (or equivalent) MSc degree. Candidates without an MSc or with lower grade degrees will not be considered.

Conditions of the Award
- Open only to new entrants to the full-time research doctorate register (EU and non-EU).
- The holders must engage in full-time research and must register for a research doctorate degree at Trinity College, the University of Dublin.
- Continuation of the research register is dependent on evidence of satisfactory annual progress and successful completion of the confirmation process 18 months after the first registration.
- Both the doctorate researcher and supervisor will agree to participate in the pilot rollout of Trinity's Supervisor: Research Student Agreement in 2023-24.
- Postgraduate Research Doctorate Awards cannot continue beyond a fourth year on the full-time research doctorate register and cannot be split across doctorate researchers.
